FLARES AND TUNICS

Printed sarees have great demand in the market. The customer preference has been shifting towards printed sarees in the past. But the difference from the normal saree is that it is because their traditional sarees have undergone modifications with the population's demands today. It has a modern touch, which has made it more suitable for the needs of most women. Digital prints have been made more available, and women are eager to acquire every new print available in the market.

D.No. 1004

Digital sarees have gone through evolution for decades. This saree, reminiscent of our sarees wearing printed sarees as the genre, has that difference from the sarees featured in it for many years. Hand-drawn motifs have undergone modification with the digital saree's distinctive look. It has a modern touch, which has revolutionized sarees in the hands of many women. Digital print has been used to create an elegant and unique saree. The saree is available in the market. Digital sarees have gone through evolution for decades.  CREATION

Filmed sarees have gone through evolution for decades. For instance, sarees were once made using printed sarees as the base. But that differed from the present sarees. It is because these traditional sarees are handmade and finished with the traditional handloom. It has a subtle touch which is not achieved with the latest sarees. It is a pride for the handloom sarees and hence we are trying to replicate that saree with the latest technology. We have gone through evolution for decades.
